The DAILY WASHINGTON MERRY-GO-ROUND

TRADE MARK REGISTERED

WASHINGTON, Oct. 13.—The State Department has been working more diligently than ever on its Russian survey. It looks as if Soviet recognition was just around the corner.—The Agricultural Adjustment Association has been bitter against the meat-packers, claims those gentlemen are out to rook both farmer and public.—Despite this, an urgent packer request came to the A. A. A. the other day.—It pertained to a motion picture called "I Loved A Woman" featuring a meat packer who made a fortune in spoiled meat during Spanish American War days.—"We've done everything we could about that movie," a packer's representative told the A. A. A., "but not even Will Hays will take it off. We want the A. A. A. to get out a statement about it."—Instead officials of the A. A. A. went to the movie, and thought it was grand.

The New Deal for the Shipping Board is going to be hard on that one-time boneyard for political patronage. Gone are the days when all you needed was a salary, a desk and a friend in Congress.—Sledding will be especially rough for Mrs. Harding's brother-in-law, O. P. M. Brown who still draws a salary of \$10,000 (less cuts) as special counsel for the Emergency Fleet Corporation.—It also will be hard on George Christian, famous secretary of President Harding, who still draws a salary of \$6,000 as "executive assistant."—During one of the recent Anglo-American war debt discussions Sir Frederick Leith-Ross did most of the talking.—Sir Ronald Lindsay, huge British ambassador, dozed peacefully.

BRAVE PROFESSOR
The man in the Department of Agriculture who showed the greatest courage in fighting the packers recently was Dr. A. G. Black, on leave of absence from Ames College, Iowa.—That institution has had the reputation of being under packer influence.—Marc Pe-

No One Hurt In Car Crash On Macdonald

Two machines were slightly damaged in an accident on Macdonald avenue between Twenty-first and Twenty-second streets last night. A car driven by Lois Petrow, 427 Bailey avenue, Richmond, crashed into a park car owned by William Hydle, of Berkeley, police reported. Hydle's car was parked in front of the East Side Grocery store. Petrow reported he was driving east on Macdonald avenue when a car coming at a high rate of speed west on the street, forced him to swerve to keep from hitting it. His machine then smashed into Hydle's car.

Short Change Men Are Operating Here

A warning was issued to Richmond merchants yesterday to beware of short change artists who are operating in this city. The "artist" bilked two local merchants out of \$10 in change. Two men are operating the "racket" and by manipulating the change made away with \$10.

Plan to Advance Fete Date Fails

WASHINGTON, Oct. 13.—Thanksgiving will be proclaimed for November 30, the last Thursday in the month as usual. In spite of pleas from organizations that its observance be advanced a week in order to facilitate the Christmas shopping period, the White House said today.

Howling Dogs May Draw City's Ire

MILWAUKEE, Wis., Oct. 13.—It may cost money in Milwaukee to let one's dog bay at the moon or anything else. A proposed city ordinance has been drawn providing fines of \$5 to \$25 for the owners of dogs that howl habitually at night.

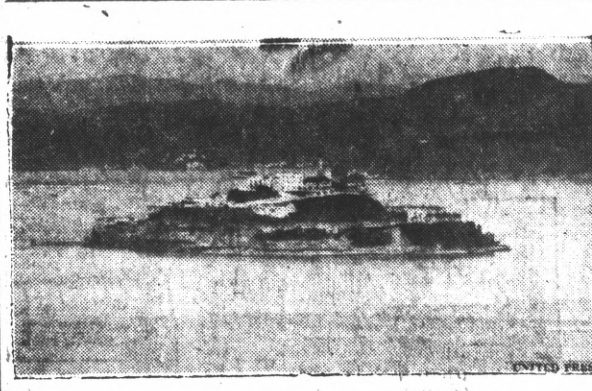

THE WEATHER
NORTHERN CALIFORNIA: Fair Saturday and Sunday but overcast night and morning on coast; slightly warmer along west slope of coastal hills Sunday; gentle northwest wind off shore.

Roosevelt Assures World of U. S. Peace

WASHINGTON, Oct. 13.—UP.—The United States as a nation, is overwhelmingly opposed in engaging in war and has no desire to annex any neighboring territories such as Cuba, President Roosevelt said tonight in a speech delivered here and transmitted to the Women's Conference on Current Problems.

Only people with desires for expansion and territorial domination endanger the world peace, Roosevelt said.

Turning to education, he pleaded against "economical waste" in this field as urged as an immediate goal the restoration of "the useful functions of education at least to their pre-depression level."

Youth Freed Hold-Up Men On Charges Captured By Of Burglary Fresno Cops

FRESNO, Oct. 13.—William Hughes, 23, and Carl Brenson, 23, were arrested here tonight on charges of participating in numerous gasoline station holdups in central California.

The two men, police claimed, are the pair that have held up filling stations in Stockton, Santa Clara, Salinas, Morgan Hill, Monterey, Fresno, Ripon and Reno.

Police said the men admitted the Fresno holdup. The bandits help up the operator, abducted him and released him later.

Officers are holding the pair on kidnapping, highway robbery and grand theft charges. They were driving a stolen car when apprehended.

Guests Flee In Big Fire At S. F. Hotel

SAN FRANCISCO, Oct. 13.—Fifty residents of the San Remo Hotel at 2237 Mason street fled through smoke-filled halls to safety early today during a spectacular three-alarm fire that destroyed the two-story adjoining buildings of the Bucci Glove Works and the Farnochia Contracting company at Mason and Water streets, in the North Beach district.

Two firemen were hurt. Paul Shadd, of 28 engine fell through a hole in the roof of the glove works and cut his legs severely. Falling glass smashed the hands of Arnie Wagner of the same engine.

High Grid Player Dies of Injuries

ST. LOUIS, Oct. 13.—David Tully Jr., center on the McBride high school football team, died here today from septic pneumonia and pleurisy, which developed after a skinned elbow became infected. The elbow was bruised in practice last week, and the injury later was aggravated during a game with another school.

Reds Threaten Mexican Envoy In Strike SABOTAGE SEEN IN AIR CRASH

TENSENESS IN STRIKES IS EASING

TULARE, Oct. 13.—UP.—Enrique Bravo, Mexican consul at Monterey, appealed for police protection today after a Tulare county grand jury returned an open verdict in the slaying at Pixley of two striking Mexican cotton pickers.

Bravo said his life had been threatened by Communists and that one attempt had been made to hurt him. A state police escort was given him as he continued to investigate the strike.

San Francisco, Oct. 13.—UP.—

Mediation tonight ended strikes of 3000 sardine fishermen and 500 longshoremen. Progress toward arbitration was made in the strike of 10,000 cotton pickers of the San Joaquin valley.

Two thousand striking lettuce packers and trimmers at Salinas, however, refused pointblank to accept a mediation plan.

Tenseness that brought bloodshed in the \$10,000,000 California cotton industry was appreciably eased. Some workers were in the fields. Strike pickets were watched by officers, lessening their inclinations toward violence.

Councilman H. G. Walker of Tulare submitted to Gov. James Rolph Jr. the state NRA board and George Creel, district NRA director, a proposal that the federal government force abrogation of cotton purchase contracts.

War Cry Runs
Fifth In Race
Last Night

Judge Brady, Pete Loicero's game greyhound, comes right back in tonight's special match race against War Cry, Joe Brennan, Jim's Dog, and Happy Laddie at El Cerrito Kennel club track. War Cry ran fifth Tuesday with Judge Brady a close second to Red Mark. Tonight San Francisco fans are laying much on Judge Brady to cop the honors. Unless War Cry does better tonight the famous dog may be given a long rest.

A seven-sixteenths mile, twice-around-the-track, thriller is also scheduled tonight with Ego, Princess Victorian and Lady Rook particularly feared. After the race a public dance, free to all, will be started in the clubhouse.

Caperton Cleo, making her debut at El Cerrito, ran off with Friday night's sixth race and with Lady Move On was worth \$102.20 on the quinellas. Ed Lopez' Patrol Guard came into his own with a dominant victory at \$17.60 preferred in the third race. A large crowd attended the program.

HIGH ELEVEN
PLAYS 6 TO 6
TIE CONTEST

(By Charles Glum)

Richmond High School's eleven cylinder varsity football machine was missing on two yesterday afternoon at Concord when they were held to a 6 to 6 score by the grid warriors of Mt. Diablo. The machine failed to function as the main cogs of the attack—Molozza and Swan were out of the contest.

A kind official saved the game for the locals in the fourth quarter when Barlow, Diablo flashy halfback returned a Richmond punt 57 yards to a score, only to have his team penalized fifteen yards for clipping from behind.

Mt. Diablo opened their scoring near the final gun of the first quarter when a concentrated attack from their own 23 yard stripe clear to the Oiler end zone inevitably resulted in the initial touchdown. The underrated Diablos pounded the Richmond flanks for 77 yards. Their attempt at conversion was but a few inches short of the cross-bars.

It appeared for the time being that either the Oilers were overconfident or they were up against a team playing over their heads as every reverse, pass, end run or plunge the locals attempted met without success. The "Red Devils" of Concord were simply sweeping the Oilers off their feet with their stern defense.

On a brilliant quick-kick that took the Mt. Diablo safety man by surprise and made a return of the punt almost impossible, Richmond was in Concord territory for the first time of the contest late in the second quarter. This play was accomplished thru the educated toe of quarterback Smith. Locke made a splendid tackle to nail the ambitious Diablo ball carrier on his own 5 yard line.

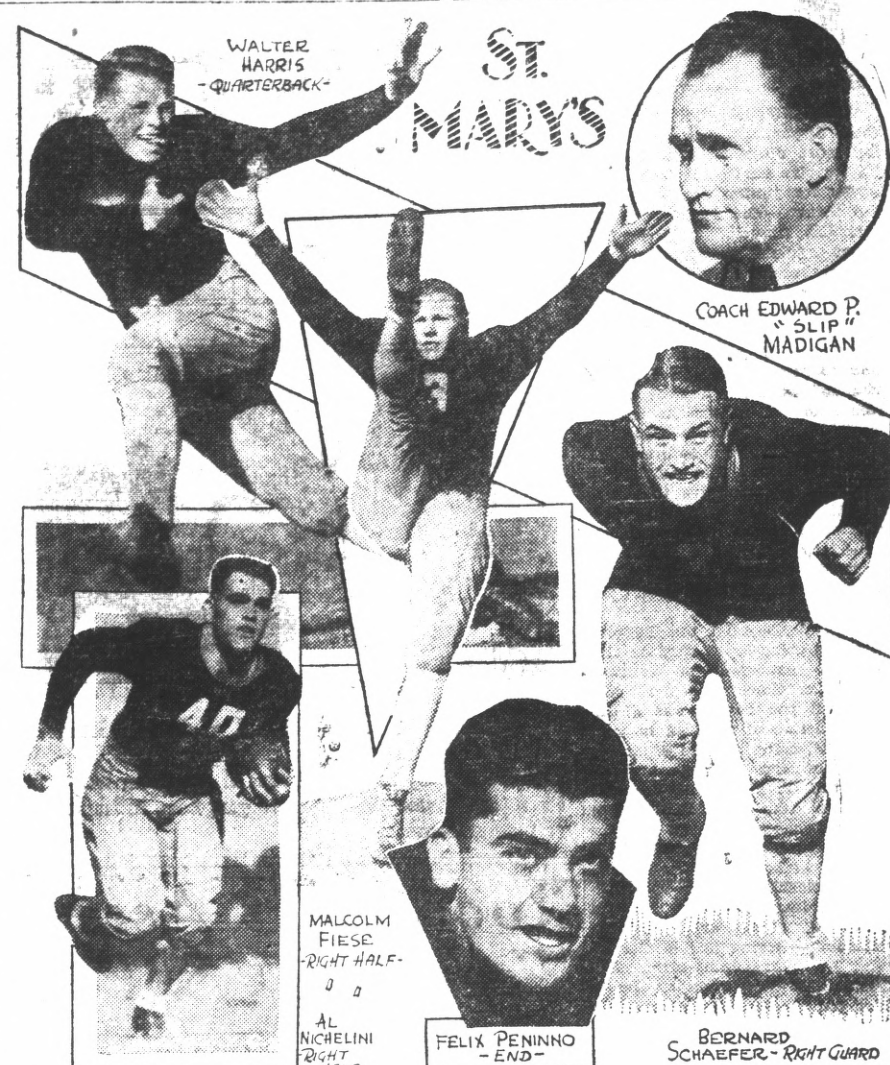

Mt. Diablo immediately kicked at this point, the punt was poor—going out of bounds on their own 22 yard line. The ardent supporters of the Navy Blue and Red suddenly became aroused at the Oiler's first display of ambition but their hopes were temporarily nullified when Jelich attempting to circle right end, fumbled and the "Red Devils" recovered.

Concord gained but little attempting to pound the Oiler line, his guard position to block the kick. Herole McLaughlin recovered the pigskin and scrambled 27 yards with the "Red Devils" barking at his heels. They overtook him at the goal line but the Oiler end had crossed the last white line. He was knocked unconscious on the play and his possession of the football after being hit hard by three Concord tacklers was remarkable. Smith failed to convert.

Richmond was plainly the victim of poor officiating in the third quarter when Mt. Diablo was allowed four downs to make the necessary ten and then having failed to accomplish this, they were permitted to kick. This was a series of five downs and entirely uncomplimentary to three arbiters who are paid to be on their toes.

Richmond took possession of the ball on their own 25 yard line a few minutes before the game ended and for a minute it looked as if they were off to the races when Smith tossed a perfect pass into the waiting arms of O'Malley substitute end, and the over-anxious lad attempted a lateral to Meredith who was out in the clear. The toss was yards from the Richmond halfback and with it went their most effective scoring weapon into the ash heap. Smith, local quarterback, punted on the next down and Barlow the stiffest ball carrier the writer has watched in prep competition this season, eluded the entire Richmond team and scampered 57 yards to a "touchdown." The play was not allowed, how-

Will Battle Today

ABOVE ARE some of the St. Mary's football team who will see action against the Trojans at Los Angeles today. The Gaels enter the game as under dogs.

COAST ELEVEN
TO SEE ACTION
IN GRID GAMES

SAN FRANCISCO, Oct. 13.—UP—(UP)—Gridirons at Los Angeles and Seattle tomorrow will hold central interest for Pacific Coast football fans.

The mighty Trojans of Southern California will receive their most important test of the season to date when they meet Slip Madigan's St. Mary's team.

Washington was slightly favored to defeat Oregon in the big Northwest clash at Seattle, although for five seasons the Huskies have not scored against the Webfoet. Last year they fought a scoreless tie.

Thirty-three Oregon State college Beavers worked out lightly in Kezar stadium today for their game tomorrow with San Francisco university, which held St. Mary's to a 7-point victory.

Coach Lon Stiner announced that Ed McIntosh, stellar punter and the man who usually takes over Norman Franklin's left halfback berth after the first few plays, will not see service. He suffered a shoulder injury in practice.

California faced a fairly tough battle against Olympic club at Berkeley, which started working at last against St. Mary's, was expected to bring victory. The clubhouse have many individual stars but are not believed up to college standards in condition and reserves.

Washington State's Cougars, smarting from a defeat by U. S. C., were expected to make short work of Montana at Missoula.

GAELS TO MEET TROJANS TODAY AT LOS ANGELES

SAINT MARY'S COLLEGE, Oct. 13.—A squad of forty-four Galloping Gaels will trot into the Los Angeles Coliseum on Saturday afternoon to face the Thundering Herd of Troy for the seventh time. Since the last meeting of the two teams which the Gaels won, the University of Southern California has won twenty-four consecutive games.

Coach Edward P. "Slip" Madigan will throw a team of veterans into the fray to meet the power of the Jonesmen. Ten men on the squad saw action in the 1931 upset, including Yates, center; Schaefer and Gilbert, guards; Jorgensen, star tackle; Fred and George Carlinus, ends; Ahern, quarter; and a brace of fullbacks, Dodson and Partee.

The Moragans will literally "shoot the works" on Saturday in a wide open attempt to spill the national champions. An aerial attack, which played so prominent a part in the last struggle, is a certainty if the plunging Gael backs fail to make headway against Troy's stellar forward wall. The Moraga mentor spent a good deal of time in scrimmages this week perfecting his passing threat.

If the power plays that clicked so well in the opening quarter of the California game last week fail to function, Madigan will revert to deception, introducing his highly touted "Energo-offense" held in abeyance so far this season.

Before leaving for the South, Madigan stated that he was pleased that Saint Mary's was the underdog for the game, adding "the Gaels are naturally a team that does not know how to act when they are ahead, but they fight tooth and nail for victory when they are behind."

The condition of the squad is better than two years ago, there being but two injuries on the varsity eleven. Gilbert, giant guard, is definitely out of the tilt with a torn neck muscle received in the Bear-Gael encounter. Yezeriski, also injured in that game, has recovered entirely and will be in shape Saturday.

The starting lineup announced today reads: Yates, veteran pivot man at center; Eddyman, sophomore, and Schaefer, two year letterman, at guards; 232 pound Yezeriski and Carl Jorgensen at the tackles; the Carlinus brothers — Fred and George at the wing positions; Ahern, quarter; Nichellini and Wilson at halves; and Dodson at full. If the Gaels win the toss and elect to kick, Fiese will take the place of Nichellini and Partee the post of Dodson, it was indicated.

The Gaels and Trojans have played six times, with the results at three games apiece. The last encounter was in 1931, during which season the Gaels in their opening game defeated the University of Southern California, being the only team to win over Troy during the season.

(Continued from page 1) In the power-canning industry, two of the big figures at the Pan-American conference at Montevideo are going to be Secretary of State Paig of Mexico, and Ben Colon of Chile. The latter is one of the most facile interpreters in international diplomacy. The former is getting ready to oppose the Colossus of the North and act as the great champion of Latin America.

The new name for the Secretary of State is "Sec." Hull—partly an abbreviation, partly a tribute to his extreme dryness—"Sec." Hull, when left to his own devices, is pretty certain to come out right. But the white-spatters who cling around him, crab his game. Recently whenever Hull has made a move to indicate disapproval of Hitler, his career boys have quietly undermined him behind his back. Sir Basil Zaharoff, Europe's munitions king, is reported to be incurably ill in London—Clemenceau once described Zaharoff as the "Sixth Great Power," the other five being, France, Britain, the United States, Germany and Italy. Despite his illness, the palace in Monte Carlo built for Sir Basil's wife, is still ready to receive him night or day and the butler daily prepares a menu in the event the Man of Mystery should suddenly appear from nowhere.

BUST-BUSTER
Emile Durig, Swiss sculptor, recently did bust of Sol Bloom, "the man who made George Washington." But according to Durig, Sol never paid for it—So Durig demanded the bust back—Days passed. It didn't come. Finally Durig threatened to sculpt the figure of a monkey with Sol's head on it—to be shown in Durig's next exhibition—Shortly after that Sol returned the bust—The Agricultural Adjustment Association has won its first court skirmish in the fight over licensing—A California court upheld the Government's right to issue licenses

action—He has got himself a publicity man—the first Comptroller of the Currency to have such an appendage — O'Connor's press agent is big, bulky Kenneth Hayes, Pacific Coast newspaper financial writer, who takes his job seriously, points out a steady stream of propaganda announcements, carefully obscuring the fact that reopening of banks is proceeding at a snail's pace William E. Humphrey, dismissed as a Federal Trade Commissioner by President Roosevelt, was a member of the House from the State of Washington for many years, retired to run for the Senate in 1917. Dejected, he became a lobbyist for lumber interests. It was from lobbyist ranks that Coolidge picked him for the Trade Commission, established by Woodrow Wilson partly for the purpose of thwarting lobbyists.

The Agricultural Adjustment Administration's recent hearing on the proposed sugar and grocery code was a unique affair. Speaker after speaker rose and lauded the code as a desirable measure only to add that it would apply to everyone but himself. The first name of Kentucky Junior Senator Logan is Marwood. It is the opinion of many of his colleagues that it has no literal meaning.

MERRY-GO-ROUND

The Tennessee Valley Authority reports a secret drive by southern water power interests to depress the market value of their stocks. This is calculated to arouse stockholder ire against the great government project in order to further their own ends. The power companies are throwing large blocks of stock on the market at cut-rate prices—About a month ago Miss Mabel Byrd, efficient able newspaper woman, was added to the NRA division on economic research and planning. Asked to make a first-hand survey of conditions among negroes in the South, railroad tickets were purchased for her, an itinerary mapped out, and Miss Byrd was already to leave when suddenly, and without explanation, the trip was ordered cancelled. Miss Byrd was assigned to office work in a cubby hole of her own. There she has remained—The Senate bank investigators are loaded to the hilt for Albert H. Wiggin, former head of the Chase National Bank. One of the items General Counsel Pecora plans to spring on Wiggin is the fact that he is drawing a \$100,000 a year pension.

Roosevelt to Order Survey Of Dry Laws

WASHINGTON, Oct. 13.—President Roosevelt within the next week will coordinate the different Federal groups studying steps to be taken if prohibition is repealed, in an effort to find a basis for new legislation.

Many Injured In Riots of Arabs

JERUSALEM, Oct. 13.—A few minor affrays, in which several persons were slightly injured and a few arrested, accompanied Arab demonstrations today in protest of a recent increase of Jewish immigration.

British police and other officers patrolled the streets armed with sticks. Military forces were on guard at strategic locations.

NEW POWER IS GIVEN TO NRA BOARDS

George Creel, regional NRA director, will address a mass meeting in Pittsburgh "probably within the next two weeks."

This was announced yesterday by Frank J. Hollender, county recovery drive chairman, who also stated he expected to know the exact date of Creel's visit to Pittsburgh within a few days.

"My crowd is busy trying to effect a settlement of the cotton pickers' strike at the present time," Hollender said, "and undoubtedly will set the date for his visit here early next year."

Hollender also stated that Creel expected to make a tour of the entire state at the earliest possible moment for the purpose of holding a personal conference with each county chairman.

PLANS TWO MEETS
"When he comes to Pittsburgh," Hollender said, "he plans to hold two meetings, one with the NRA workers and the other with the people."

"Creel has asked me to send him full information regarding the NRA situation in Contra Costa county, especially with respect to conditions of conflict of authority and to become the closed meeting with the drive workers will be to settle these problems."

With regard to the present status of the recovery drive in Contra Costa, Hollender said:

"Everything is to be as usual as it was before the interruption occasioned by General Johnson's instructions in connection with the formation of local compliance boards."

BOARDS TO CONTINUE

"Each county chairman is to function just as he was, that is, he is to hold himself accountable for all NRA activities in his county, seeing to it that compliance boards are formed and proceedings fairly and effectively."

"The compliance boards are not to report to Washington directly, but to Creel's office in San Francisco."

"In order to remove all possibility of confusion, the state recovery board has been split and in the future the northern California half will be entirely separate from the southern half."

The county chairman also revealed that he had been instructed by Creel that his first duty was to go carefully into the matter of compliance boards.

UPSET REMEDIED

Much of the recent upset was caused by the fact that the chairman of the local NRA committee overlooked General Johnson's explicit instructions that existing setups were not to be disturbed.

"In many communities, therefore, the adjustment boards of three members were set aside in favor of boards of seven. The inevitable consequence was confusion and delay."

Hollender also stated he has received instructions that the compliance boards of three members be appointed throughout the county are not to be disturbed.

SOME CHARGES MADE

"The move which vested all powers of inquiry into industrial disputes in a national labor board has been withdrawn at least, until the appointment of mediation boards," Hollender continued.

"Until these boards are set up, local compliance boards are to deal with industrial disputes just as they dealt with them prior to September 23."

Fifi Lays Down Law to Fiance

HOLLYWOOD, Oct. 13.—If Maurice Hill, son of a wealthy Chicago manufacturer, gives up the study of medicine and takes a position with an oil company in the Orient, he will find his bride-to-be severing their engagement. This, at least, is what Fifi D'Orsay, screen actress, had to say today about the plans of the young man to whom she says she is engaged.

EQUALITY IN ARMS ASKED BY GERMANY

BERLIN, Oct. 13.—UP—The Nazi government stood ready tonight to leave the disarmament conference if the former allies powers sought to thrust upon Germany a new armament treaty which denied her insistent demands for arms equality.

This attitude, as exclusively reported by the United Press from Geneva last night, was intimated as long ago as September 17 when Minister of Interior Wilhelm Meißner announced Berlin's firm intention to refrain from participation in any arms accord which continued to prevent her gaining equality, at least in defensive weapons.

Vice Chancellor Franz von Papen, furthermore, declared against the discriminatory tactics he asserted were being pursued by the arms delegates at Geneva, and hinted that the Reich would withdraw unless a compromise, at least, were offered Germany.

These policies have supported the attitude of Chancellor Adolf Hitler in inspiring the German delegates' demands that the former allies either disarm, as provided in the treaty of Versailles, or permit Germany to arm up to equality with them.

Hitler conferred most of the day with Baron Rudolph Nodolny, chief German delegate at Geneva, who flew here this morning to report on developments there prior to the reconvening of preliminary disarmament conference, under the auspices of the League of Nations.

The United Press learned reliably that Nodolny painted a dark picture of the situation at Geneva, especially on the question of converting the Reichswehr in a national militia. It was understood that Germany still is willing to accept the militia proposal.

However, Hitler was reported as insisting that it was imperative the allied powers grant the Reich the same type of armaments as the weapons they hold, even though in lesser numbers. He pointed out that the German militia, if organized, would be composed chiefly of untrained men and that without modern armaments they would be ineffective and useless.

Cards Ready For Wildcat Battle Today

CHICAGO, Oct. 13.—UP—Football's big guns will roar along the Big Ten front tomorrow, drawing out most of the fighting in the other sections of the country where the competition is still in its infancy.

Four inter-sectional battles, two big ten games, and an old intra-state contest are scheduled in the midwest tomorrow. These seven games, involving five of the nation's choice colleges, are expected to attract more than 150,000 spectators.

The Stanford-Northwestern at Soldier Field, Chicago, is the day's biggest intersection attraction and may draw a crowd of 45,000. Northwestern, despite its poor showing in losing to Iowa, 7-0, is likely to give Stanford's unbeaten, unscathed team a rugged battle. Coach Dick Hanley has completely revised the Northwestern team, benching five players who started against Iowa.

C. C. TEMPLE HAS PARTY ON BIRTHDAY

A birthday party was celebrated last night by Contra Costa temple of Pythian Sisters at the Brotherhood hall.

The birthdays of members during the past three months were celebrated at a program and banquet which followed the business meeting.

The program opened with a recitation by Mrs. F. Michel, followed by a song by Mrs. George Doll accompanied by Mrs. Lucille Deathe.

Mrs. Ruth Kliek, head of the lodge, was presented with a beautiful gift by the members of the organization.

The banquet tables were beautifully decorated. There were three tables, one arranged in pink, another in yellow and the third in green. Dolls dressed in Colonial costumes occupied a prominent place on the tables. Candles of the color of the table decorations were used and in the center of each table was a large birthday cake of the same color as its surroundings.

The committee in charge of the affair included Mrs. Michel, Mrs. Deathe, Mrs. Anna Bowyer, Mrs. Juanita DeBarrows, Mrs. Molly Van Skike and Mrs. Catherine Bender.

At the business meeting a public whist party to be held Saturday night at the home of Mrs. A. Lautenschlager, 239 Seventeenth street, was planned. Mrs. Evelyn Miller will be in charge.

Mrs. Miller will entertain the sewing club at her home, 2638 Chandler avenue on November 1.

PNG GROUP ENTERTAINS WITH WHIST

The Past Noble Grands Association of Richmond entertained at a whist party last night at Odd Fellows hall.

The affair was well attended and many beautiful prizes were awarded. The party was held following a business meeting of the group.

Don't Take Pills For Constipation

Ordinary pills taken to relieve constipation merely force a movement of the bowels without making the liver discharge its excess bile. That's why the trouble returns in a day or two and you have to swallow more pills.

What a good liver tonic like Plantax to thoroughly cleanse the digestive system of all foul secretions and at the same time restore the torpid, lazy liver to proper working order. When this is done you will no longer have frequent headaches, coated tongue, yellow skin, sour stomach, gas, bilious attacks or other symptoms of constipation and liver trouble.

Plantax is made from the juices of harmless medicinal plants—Nature's own remedy—that act in a mild, easy way without fastening or irritating the organs. Try it tonight. Large bottle 5¢ at any good drug store.

Heaster Funeral Held Yesterday

French Budget Is Given to Cabinet

PARIS, Oct. 13.—A revised bud-

U. S. LEGATE IS SNUBBED BY GERMANY

BERLIN, Oct. 13.—UP—United States Ambassador William E. Dodd conferred with Count Constantin von Neurath, Nazi foreign minister, for half an hour to-night, forcefully presenting Secretary of State Cordell Hull's protest against repeated beatings of American citizens in Germany.

Ambassador Dodd intimated later that he probably would confer again with Von Neurath in the next few days. It was felt that the delicate problem growing out of the beatings was the process of solution.

The American diplomat was received earlier in the day to keep an appointment with him.

Americans in the German capital had feared a "diplomatic incident" might result from failure to keep the appointment.

While Ambassador Dodd waited for more than two and one half hours at the Embassy, Foreign Minister von Neurath, who had an 11:30 a. m. appointment with Dodd, attended a luncheon.

Earlier it had been explained that Chancellor Adolf Hitler had Von Neurath in conference and that the foreign minister could not get away for the 11:30 a. m. appointment. This word did not come to the Ambassador until he had waited until 2 p. m.

Dodd spent the afternoon in his office waiting for Von Neurath to advise he was ready to receive him.

After waiting all afternoon, he proceeded to his home.

Aside from his social luncheon, Von Neurath apparently was occupied all day in conferences with Hitler and others on disarmament.

The foreign office telephoned the United States Embassy during the afternoon to advise that Ambassador Dodd would be notified when he could be received by the foreign minister. At 6:30 p. m. the ambassador went home.

Americans residing in Berlin expressed high indignation at this incident, coming on the heels of recurrent beatings administered to United States citizens in Germany.

Dodd today had planned to emphasize the need for action in prosecuting the attackers.

The diplomatic snub followed Dodd's speech yesterday, criticizing governments which seek to "rule from the top." Dr. Alfred Hugenberg, formerly powerful Nationalist party leader, writing in the newspaper Der Tag, criticized Dodd's speech, particularly the ambassador's reference to "half educated statesmen."

net calling for the expenditure of 50,500,000,000 francs (approximately \$2,929,000,000 at present exchange) was presented today at the French cabinet.

lower than those now listed on exchanges. Thus, they contend, the cannot pay pickers higher wage unless they get better prices for their product.

Several crews of pickers were employed at the 60 cents scale in Merced county, where picking is just starting, but 120 pickers in Madera county walked out when refused a higher wage.

At Hanford, Sheriff W. B. Buckner said he expected a general resumption of picking within 24 hours. He planned to take charge of a tent city of 3000 strikers at Corcoran, where sanitary conditions were said to be bad.

The Longshoremen's strike, called against the Matson Navigation company after discharge of four Union men, was ended three hours after NRA Director Crel conferred with Union laborers.

The Matson line announced it will pay off strikebreakers and re-employ strikers Saturday morning.

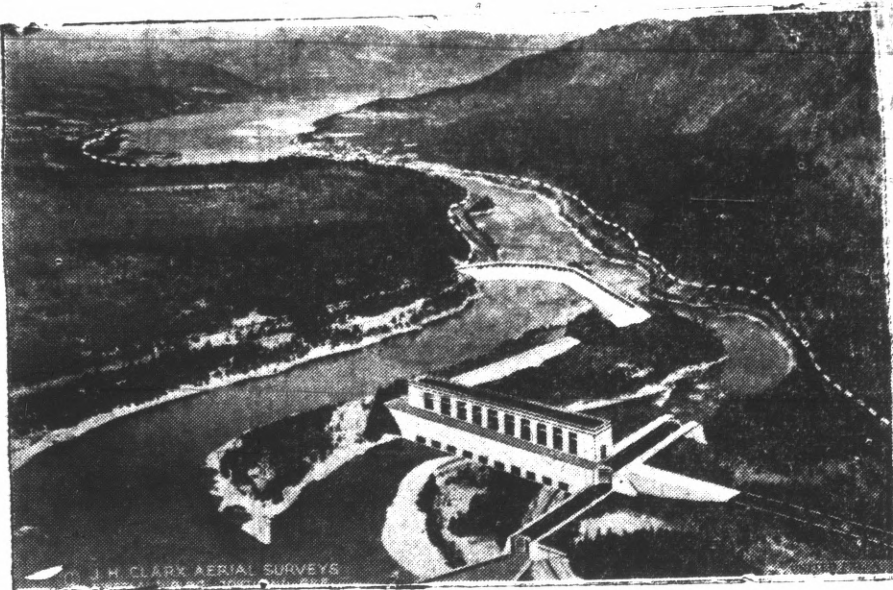

Charles Cutright, business manager of the International Longshoremen's association, said stevedores will return to the docks pending impartial study of the situation by a board of arbitration.

T. A. Reardon, state director of Industrial Relations, announced that all parties have signed an agreement which will send striking sardine fishermen to sea Saturday night.

Reardon was accepted as a mediator by the fishermen, boat owners and cannerymen involved. He will serve pending formulation of an NRA fishing code. Fishermen and boat owners demanded \$8 a ton for the catch. Cannerymen now pay \$6. Cannerymen agreed to permit rotation of boats during unloading, to deliver checks directly to the fishermen's association and to permit a representative of the fishermen to be present when fish are weighed.

The strike lasted more than three weeks and estimated cost the sardine industry \$55,000 daily.

DIRIGIBLE ON ITS WAY TO SUNNYVALE

SHREVEPORT, La., Oct. 13.—UP—

The Macon, huge navy dirigible, flew across the southwest tonight on its flight from Lakehurst, N. J., to its new home base at Sunnyvale, Calif.

It was reported here at 5 p. m. that the airship had changed its course to the northward to avoid a storm area east of Monroe, La., and was heading for Dallas by way of Texarkana.

The dirigible cruised south and westward across the Carolinas, Georgia, Alabama and Mississippi today after leaving Lakehurst last night.

Weather reports received by radio at frequent intervals revealed the course of the flight. Crowds in several cities that had hoped for a sight of the big airship were disappointed as rain or other unfavorable weather conditions caused it to change its course.

Citizens of Macon, Ga., for which the dirigible was named, saw arrangements for a noisy welcoming demonstration rendered useless when the craft passed swiftly over the city more than an hour before it had been expected.

Commander Alger H. Dresel, 14 officers, 55 enlisted men and two civilian passengers are aboard the Macon, which started with enough fuel for 100 hours of flying.

DEATH CASES TO BE TAKEN BEFORE G. J.

MARTINEZ, Oct. 13.—When the grand jury convenes Tuesday it is probable that two fatal automobile accidents will be laid before it for consideration. It was indicated today by District Attorney James F. Hoey.

The prosecutor announced this week the summoning of the jury to consider a possible manslaughter indictment against W. E. Kirby, Stockton fruit buyer, whose automobile struck and killed Aldo Cavalli, 10, near Brentwood, but he indicated today that he will also place before the jury for consideration the fatal injury of Mrs. Odell, 58, of Richmond.

Mrs. Odell died from injuries she suffered when cars driven by her son-in-law Perry Waldrop, and Hedley Bray, 35, of El Cerrito, side-swiped near Peyton. Bray was arrested on a charge of driving while under the influence of liquor.

It was announced today that Thomas Carlson, prominent Richmond attorney, has joined Attorney Mortimer Veale of Antioch in the defense of Kirby.

Kirby has already been charged with manslaughter in a complaint signed by Hugo Cavalli, father of the accident victim.

Kirby was to gain his release this afternoon on bail of \$5,000.

NEW METHOD FOR RADIUM POISONING

BERKELEY, Cal., Oct. 13.—UP—

A method of treating radium poisoning of the human system was claimed at the University of California today by Robley D. Evans, research associate in physics.

Radium poisoning, which brought such tragedies as death and permanent injuries to a group of girls who painted radium dials in a New Jersey watch factory, had been pronounced incurable heretofore.

Evans did not claim a complete cure, in his method, but held that elimination of radium from the system of one human subject was three times as great daily by his treatment than by any other method.

"This is not yet enough to save the life of a victim," he said, "but the information thus gained has given us a clue to a modified treatment which may be successful in prolonging life."

The treatment consists in introduction of an excess of the parathyroid hormone in the human system.

"The Parathyroid hormone is a fluid emanating from a gland at the base of the brain," said Evans. "I have my theory on the chemical similarity of calcium and radium. My experiments have shown that calcium can be eliminated by an excess of this hormone."

He said that radium poisoning results when micrograms of radium become lodged in the blood stream, destroying blood-producing centers and weakening the bone. Poisoning also may result from over-exposure to radium rays.

Woman Driver Convicted Of Manslaughter

REDWOOD CITY, Oct. 13.—UP—

Mrs. Gladys Sisovich, wife of a San Mateo contractor, was convicted by a jury today on charges of manslaughter and driving while drunk.

The car she drove on Bayshore highway July 20 struck and killed Mrs. Addalyne Lyons and her infant daughter Nancy, whom she was wheeling across the road in a carriage.

Mrs. Sisovich cried when the verdict was returned. Sentence will be read Tuesday.

The courtroom held many officers alert because H. W. Lyons, the widower, had threatened during a recess.

"I'll be my turn if a jury doesn't convict her."

Dealing with education, Mr. Roosevelt pointed out that depression was reaching a serious mark on the very lives of hundreds of thousands of children who are destined to become our future citizens.

He emphasized the need for reducing the cost of government.

Andrew C. Thompson, former mayor of Ladysmith, Wis., and present head of the Cook County fair.

The company involved was a holding corporation for four Chicago hotel and apartment properties, which had a total bonded indebtedness of \$3,500,000. The company sold \$330,000 worth of stocks before its properties went into receivership in 1930. The company went out of business at that time. The government claims that the nine men estimated their potential revenues at 50 percent above actual revenues, underestimated operating expenses 50 percent, and kept the \$330,000 when the company quit business.

Edge Endorses Non-Inflation

SAN FRANCISCO, Oct. 13.—UP—

Early stabilization of the dollar and non-inflation were endorsed here today by Walter E. Edge, former United States ambassador to France.

The visitor said Republicans, of whom he is one, should work as hard as democrats to aid President Roosevelt in making the NRA a success.

WHAT are the PURCHASING AGENTS DOING?

EVERY big company has one or more men whose entire time is devoted to buying the things which that company needs.

These men are specialists. It is their business to know prices . . . materials . . . sources of supply . . . present and future trends. They are the shrewdest, canniest buyers in the world.

But ALL of us, in a small way, are purchasing agents. We HAVE to buy a certain number of things, if only to keep alive. And most of us aren't very skillful at it. We waste a lot of money. We miss the good bargains. In fact, we could learn a great deal by watching a professional buyer at his work.

At this time, especially, it may be helpful to know what the big purchasing agents are doing. Are they cutting down? Are they opening up? Do they think this is a good time to buy or a bad time? What do they think about the future?

Well, the answer is that they are all buying as fast as they can buy.

And they are buying because THEY KNOW THAT PRICES ARE GOING UP.

"Fig iron has advanced 13 percent," the purchasing agent of a \$20,000,000 corporation recently said. "Brass is up 42½ percent. I am paying 41 percent more for lumber than I did in March, and fiber packing cases have doubled in price. In fact, everything we use in this business is costing us more today, and will in my opinion cost us still more tomorrow. I believe . . . that many commodities will be back to or near 1929 levels by spring."

That's the way the professional purchasing agents feel about it. And they KNOW. They have special sources of information. They are closely in touch with industry. They have studied the workings of the NRA codes.

PRICES ARE GOING UP. And it's a good thing for everyone. For things had come to the point where NOTHING had any true value. A man's time . . . his product . . .

his property . . . all had sunk so low in value that he couldn't even get a decent living.

That couldn't go on. So the Government set up the machinery of the NRA codes in order to MAKE EVERYTHING WORTH SOMETHING AGAIN.

This process is now under way. Wages are being raised. Commodities are bringing better prices every day. But it is not yet over. Before fair values . . . living values . . . can be reached, prices will have to go higher than they are now.

Before they do, take a leaf from the purchasing agent's book, and lay in a supply of the things you need. There are many good bargains still to be had. But these stocks are strictly limited. NOW IS THE TIME TO BUY.
